

# 28th Workshop on (Constraint) Logic Programming (WLP 2014) and 23rd International Workshop on Functional and (Constraint) Logic Programming (WFLP 2014)

- The workshop takes place in the LEUCOREA (<http://www.leucorea.de/>). This contains also the hotel rooms (reserved two nights from Sept. 15 to Sept. 17). The address of the Leucorea is **Collegienstraße 62, 06886 Lutherstadt Wittenberg**. This is No. 5 in the map, about 1km from the main railway station (“Hauptbahnhof”).
- During the workshop, you can reach Stefan Brass via cellphone (+49|0)176/50295374. Before the workshop, try [brass@informatik.uni-halle.de](mailto:brass@informatik.uni-halle.de) or (+49|0)345/2036337. Leucorea Phone: (+49|0)3491/466100. Taxi/Cab: (+49|0)3491/402424.

## Monday, September 15, 2014

- |             |   |
|-------------|---|
| 11:00–13:00 | Registration  |
| 13:00–14:00 | Lunch   |
| 14:10       | Welcome   |
| 14:15–15:15 | Sven Thiele:<br>Answer Set Programming for Systems Biology (Invited Talk).  |
| 15:15–15:55 | Ludwig Ostermayer, Frank Flederer and Dietmar Seipel:<br>PPI — A Portable Prolog Interface for Java.                                      |
| 16:00–16:30 | Coffee  |
| 16:45–19:15 | Guided City Tour with Luther’s House (No. 7 in map), starts in Front of Leucorea  |
| 19:15       | Dinner at “Alte Canzley”<br>(Schlossplatz 3-5, <a href="http://www.alte-canzley.com">http://www.alte-canzley.com</a> , near No. 1 in map) |

**Tuesday, September 16, 2014**

- 7:30– 9:00 Breakfast
- 9:00–10:30 Michael Hanus:  
Declarative Multi Paradigm Programming (Invited Tutorial).
- 10:30–11:00 Coffee
- 11:00–11:40 Tobias Gödderz and Janis Voigtländer:  
Automatic Testing of Operation Invariance.
- 11:40–12:00 Thomas Gilray, James King and Matthew Might:  
Partitioning 0-CFA for the GPU.
- 12:00–12:40 Baltasar Trancón Y Widemann and Markus Lepper:  
Interpreting XPath by Iterative Pattern Matching with Paisley.
- 13:00–14:00 Lunch
- 14:00–14:40 Sergio Antoy and Michael Hanus:  
Curry without Success.
- 14:40–15:20 Michael Hanus and Björn Peemöller:  
A Partial Evaluator for Curry.
- 15:20–16:00 Nikita Danilenko:  
Exploring Non-Determinism in Graph Algorithms.
- 16:00–16:30 Coffee
- 16:30–17:10 Johannes Waldmann:  
Automated Exercises for Constraint Programming.
- 17:30–18:30 GLP Business Meeting
- 19:00 Dinner in “Brauhaus” (Markt 6, <http://www.brauhaus-wittenberg.de/>, near No. 3 in map)
- 21:00–22:30 Event City Tour “Once Upon a Time in Wittenberg”

**Wednesday, September 17, 2014**

- 7:30– 9:00 Breakfast
- 9:00– 9:40 Martin Baláž, Jozef Frtús, Martin Homola, Jan Sefranek and Giorgos Flouris:  
Embedding Defeasible Logic Programs into Generalized Logic Programs.
- 9:40–10:20 Alexander Bau and Johannes Waldmann:  
Describing and Measuring the Complexity of SAT encodings for Constraint Programs.
- 10:20–10:50 Coffee
- 10:50–11:30 Dietmar Seipel, Joachim Baumeister and Klaus Prätör:  
Declarative Evaluation of Ontologies with Rules.
- 11:30–12:10 Taïeb Mellouli:  
Complex Certainty Factors for Rule Based Systems - Detecting Inconsistent Argumentations  
(invited talk).
- 12:10–13:10 Lunch
